

The airing of an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation by Sinclair Broadcasting.

Because Sinclair uses the public airwaves free of charge they should not be permitted to air a one-sided program such as the anti-Kerry film. If they are permitted to air this film, they should be required to air a pro-Kerry film or an anti-Bush film right after the anti-Kerry film to be fair to the public and our Democracy. When large companies control the airwaves, we get more of what's good for their profitability and less of what we need for our democracy.

I think it is a disgrace that they be allowed to air the anti-Kerry film, especially, right before the election.

I personally would be for revoking their license.

I am not happy about this situation at all.

Thank you,

Keith Nash
